

## CHECKLIST FOR WHEN YOU WANT TO BUILD A HOME

- Request a Brochure from the Home Builder**
- Review your Brochure/Info Package
- Select your favorite floor plan**
- List the house plan changes you want to make
- Select upgrade options for your new home**
- Visit the office to see the Model Home
- Get directions to visit a house they are currently building on someone else's lot**
- Call to ask questions you thought about after you visited the Model Home
- Let us know if you have (or need) a lot**
- Ask Builder for a preferred lenders list and select a lender so you can get your construction loan approved
- Call for your appointment to customize your favorite blue print & get your final price (sales price + changes + options)**
- Sign your contract and pay your deposit so the Builder can prepare & send your plan package to your lender
- Choose the interior and exterior color selections**
- Provide your preconstruction paperwork & watch us build your new home
- Move into your family's new home**
