

# The Willow

**1,125 SQ FT**  
**2 BEDS | 2 BATHS**

The Willow plan packs a lot of heart into a small space. With tons of cabinets, extra closet space, an oversized master bedroom, and a full master bathroom suite, this plan makes downsizing seem like a breeze. You won't have to compromise the amenities you're used to just to accommodate a smaller plan. It is perfect for both empty nester and first-time home buyers. The Willow may be small but it is mighty.

\*Square Footage will be 1,179 with siding in front and the remaining 3 sides as brick.
